

MATERIALS

With the new Teamline PERFORMANCE we make our statement for team sport. The polyester used for this is 100 % recycled.

JAKO FAIR LABEL

In the catalogue and on the website we use the JAKO FAIR Label to mark articles, which are made from recycled materials or organic cotton.

SUPPLY CHAINS

Together with our partners, we are working on various projects and certifications along our supply chain. In 2022 the focus is set on the deeper supply chain, from the production of raw materials right up to dyeing.

ENERGY

With the photovoltaic system on the roof of our company building in Hollenbach we can produce about 75 % of our electricity needs. From 2022 on we will further improve our energy balance with a state-of-the-art fuel cell.
